Whoever dreams about USA freeing Iraqi people must be day dreaming without knowledge that Japan (35,307, US army) and Germany (69,395 US, army) are still occupied by [US military](#) after 60+ years! USA also maintains 32,744 military personnel in South Korea since the [Korean War](#) of 1950, as well as 12,258 in Italy and 11,093 in the United Kingdom (11,093)! **It is obvious that the presence of foreign military in someway affect the country’s sovereign decision making process always safeguarding and enlightening the chosen few while maintaining the status quo!**

Currently there are **702 US military bases** stationed in **132+ different countries** across the globe to [maintain US/NATO strategic interests, rather military and economic Supremacy!](#) In other words, since World War II, US/NATO have been ensuring that indigenous nations can never rise to show the alternative living methodology they once evolved with and exercised for a peaceful coexisting world, before the slave prescription of ‘[Ten Commandments](#)’ overpowered them! Mysterious [9/11](#) gave US military an excuse to deploy [900,000 more secret military personnel](#) around the world dedicated in executing secret missions with funds channelized using Belgium based [SWIFT](#) money tracking system as secret CIA/FBI money laundering!

To illustrate it further, **let us consider India** which was under [British occupation](#) for more or less 200 years! [Dominating British left India with 16% literacy, a fragile-volatile](#)

cash crop based economy, Ireland like [deadly famine](#), while Britons in India and Great Britain enjoyed [98% literacy, secured and pampered life](#)! We all know how Israel has been treating [Palestinians](#) in the occupied land inflicting most [brutal and humiliating experience](#) ever extended to mankind by fellow human being!

Since independence in 1947, Indians currently enjoy [66+ % literacy, a vibrant economy, a strong defensive military and sufficient food to feed 1.2 billion people](#), all within 58 years! Palestine was thriving within a year after signing the [Oslo peace treaty](#) before [Israeli terrorists assassinated](#) their own peace loving Prime Minister [Yitzhak Rabin](#) re-establishing [endless military aggressions](#), death and destructions!

We can easily extrapolate the ill effects of foreign occupations and domination by few chosen reviewing present dominated lands including Iraq, Palestine, Lebanon, Ireland, Haiti, South Korea, Panama, Hawaii, Falkland Island, Columbia, [Guantanamo Bay](#), Diego Garcia, just to name a few!

The world has seen how natives and aboriginals in [North America](#), Australia, South America, New Zealand have been treated with hostility and abuse leading to almost [annihilation](#), in some cases, by few chosen invaders (guests) who once enjoyed utmost hospitality in a foreign land!

It was the foreign domination and exploitation of natural resources for rapid profit making motives in the newly found lands which enslaved millions from Africa causing the [African Holocaust](#)! Natives and aboriginals who once lived in small communities without endless digging and logging of our lonely living planet now forced to live in unhealthy intoxicated segregated reservations in many parts of the world!

In summary, domination [deprives the world](#) from the very art of creative evolutions much needed to maintain sustainable eco-friendly development guaranteeing peaceful, sharing and caring coexistence!
